Crafting new TRADITION

CLOCKWISE FROM RIGHT

- Woodward Millwork Group, Northshore Facility
- Wolfe's in the Warehouse, Marriott Hotel
- Historic New Orleans Collection
- Restoration Work, Loyola University

An advanced new facility. A tradition of excellence. The best just got better.

THE WOODWARD MILLWORK GROUP has built a reputation as the leading provider of custom millwork in our region, enriching the largest projects with the quality of master craftsmanship. Today, we are ready to serve with greatly enhanced capacities at our newly expanded, 24,000-square-foot Northshore millwork facility. This investment in our future means clients can expect even more from Woodward. As we have grown to meet demand, the heart of our operation remains our team of craftsmen. Our most experienced employees come to each project with a wealth of knowledge built over decades in the business, and they pass along their expertise to those following in their footsteps. Our new shop features state-of-the-art equipment, allowing us to deliver unsurpassed results for even the

most demanding jobs. Advanced dust collection and energy-saving lighting are just some of the systems that help make our modern facility as efficient as possible. From the duplication of historic millwork to the satisfaction of the largest fabrication projects for hotels and institutions, Woodward's track record affirms our commitment to excellence. Quality can inspire, but to do so it must endure. We know you won't settle for less, and neither will we.
