woodward service group

Your needs change. Our commitment ENDURES

A professional team for your building's maintenance, repairs and small projects.

AT WOODWARD, our commitment to clients doesn't end when we hand over the keys to their building. That's why we created Woodward Service Group, a uniquely capable construction maintenance division and quick-response resource for our clients' small projects and building improvement needs.

Woodward Service Group is a division of Woodward Design+Build, a privately-held firm founded in New Orleans in 1924 that has grown into one of the largest building contractors serving the Gulf Coast region. We represent a regional leader in the industry that is here to stay and at your service for the long-term.

The Service Group draws on the vast experience and specialized training of Woodward people, who take pride

in upholding our exceptional reputation. Working with the Woodward Service Group gives you the peace of mind that your needs will be met thoroughly and swiftly. Imagine a single point of contact providing a professional team to handle scheduled maintenance and unforeseen repairs, annual building inspections, to conduct build-outs for new tenants and reconfigurations to meet new opportunities. Woodward Service Group keeps your building safe and efficient today, and provides a consistent level of quality for the demands of tomorrow.
